PROFESSIONAL EXPERIENCE:

JustPerfect Design Agency – Frontend Developer | UI Designer

Duration: 2019 – Present

- Successfully led frontend development and UI design projects, resulting in a remarkable 38% revenue increase for Fintech clients.
- Mentored and empowered a community in HTML, CSS, React.js, Next.js, Node.js, and UI design, fostering valuable programming and design skills.
- Collaborated with a local government in Lagos Nigeria on a UI and frontend development project aimed at supporting community development initiatives.

Africa Strategy Advisers – Frontend Developer | UI Designer

Duration: 2020 – 2023

- Designed and developed UI interfaces for 3 Fintech web and mobile apps, directly contributing to a 38% revenue boost.
- I engineered Bet9ja's GrantIQ web application, a platform designed to facilitate the distribution of grants to Bet9ja agents, as well as other organizations and individuals, enabling them to execute their plans and projects seamlessly. In doing so, I optimized the onboarding processes for both agents and the company itself, resulting in a substantial increase in overall operational efficiency.
- Spearheaded the frontend development of Coingora, a cutting-edge crypto app aimed at providing users with seamless access to the world of digital currency.
 - Developed responsive and user-friendly interfaces using React.js, Bootstrap, and other frontend technologies, resulting in an intuitive user experience.
 - Implemented real-time data tracking and visualizations to empower users with accurate insights into cryptocurrency market trends and performance.
 - Collaborated closely with the backend development team to ensure smooth data flow and overall functionality.
 - Coingora's launch was met with great success, generating substantial revenue and quickly becoming a preferred choice among crypto enthusiasts.

My Block Properties & Investment – Frontend Developer | UI Designer
